10:00 A.M. CHESAPEAKE BAY MODELING WEBINAR

The Chesapeake Bay models are among the most sophisticated, studied and respected in the world. They provide a comprehensive view of the ecosystem that has become more accurate and responsive to management needs through 30 years of partnership collaboration. How do the models work? What's newly improved in the models? Where do they get their information? How do they impact policy decisions?

Gary Shenk
Hydrologist
U.S. Geological Survey

Jeff Sweeney
Integrated Analysis Coordinator
